**BILLING POLICY & PROCEDURE**

Patient Name: \_\_\_\_\_

Date: \_\_\_\_\_

**This document was prepared to assist patients with the financial policies of Wolf Eye Center, Inc. Please read and initial each item and then sign in the space provided. Should you have further questions our staff will gladly assist.**

**Billing**

- You authorize payment of medical benefits to Wolf Eye Center for any/all services provided to you by the physician. You understand that you are financially responsible for any amount not covered by your insurance plan. You authorize Wolf Eye Center to release information concerning your health care, advice, treatment, and/or supplies to your insurance company and/or it's agents for the purpose of evaluating and administering claims. \_\_\_\_\_
- It is your responsibility to provide all of your insurance information. Without complete insurance information, Wolf Eye Center cannot bill for services and you will be responsible for your balance. \_\_\_\_\_
- Insurance is a contract between you and your insurance company. We will not become involved in disputes between you and your coverage, etc. except to supply factual information as needed. \_\_\_\_\_
- Wolf Eye Center is a "preferred provider" for the following insurances: Medicare, Medicaid, Blue Cross, EBMS/PEHT, Tricare, VA and VSP. If your insurance is not one of these, please be aware that your claim will likely be processed as "out of network". \_\_\_\_\_
- Your co-pay and any unmet deductible will be collected at time of service. If we cannot verify what your co-pay is, we will collect 20% of your balance. \_\_\_\_\_
- If proof of insurance cannot be provided, payment will be due in full. For payment in full at time of service, we do offer a discount. If you are unable to pay in full at time of service, you must establish an approved payment plan with the Wolf Eye Center billing department. All payment plans must be paid in full within 120 days. A minimum of 20% of the balance is due at the time of service. \_\_\_\_\_

**All Patients**

- Please be advised, if you are here for a complete eye exam and have health problems that you want to discuss with your doctor during your visit, this could result in additional charges, or testing. This may or may not be covered by your insurance. You must discuss and clarify the reason for your visit with the technicians and doctor. Please verify if you are here for your routine annual vision exam, as it is our policy to NOT change the diagnosis after your visit – regardless of any medical condition you may have. \_\_\_\_\_
- Refraction is a test that is performed to measure your best vision possible. This test is performed for several different reasons including (but not limited to): determining the correct prescription for glasses or contact lenses, screening and monitoring of medical conditions, pre-operative care and post-operative care. Federal guidelines require that the eye examination and the refraction are billed separately, but some insurance companies (i.e. Medicare) do not pay for the refraction. Depending on your insurance benefits you may be responsible for payment of this service. The current charge for this is \$48.00. \_\_\_\_\_

**Delinquent Accounts**

- A statement of your account will be mailed to you at the beginning of each month if an outstanding balance of greater than \$5.00 exists. Please watch your insurance EOB's to see if you owe a balance. \_\_\_\_\_
- Payment in full is expected within 30 days after the insurance company has made a determination of payment, or 90 days from the date of service, whether or not insurance has responded. If circumstances prevent you from paying your account in a timely manner, please contact our billing department to set up payment arrangements. Delinquent accounts are subject to collection processes which may include the account being transferred to Cornerstone Credit Services (CCS). You will be responsible for any fees and/or commission charged by CCS. Patients whose accounts have been sent to CCS will be reviewed for possible discharge from the clinic. \_\_\_\_\_
- Balances on your account need to be paid in full before you will be seen again, unless a payment arrangement has been made with our billing department. Please contact our billing department in a timely manner, as any claim over 90 days will be due in full. \_\_\_\_\_
- Wolf Eye Center will charge a \$25.00 fee for any returned checks for non-sufficient funds (NSF). \_\_\_\_\_

***I, the undersigned, authorize payment of medical benefits to Wolf Eye Center for any/all service provided to me by the physician. I understand that I am financially responsible for any amount not covered by my insurance plan. I authorize Wolf Eye Center to release information concerning my health care, advice, treatment, and/or supplies to my insurance company and/or it's agents for the purpose of evaluating and administering claims. I understand that if I do not have insurance coverage payment is due in full at time of service unless an approved payment plan has been established.***

## CONTACT LENS FITTING FEE AGREEMENT

Patient Name: \_\_\_\_\_

Chart #: \_\_\_\_\_

To make your contact lens experience as pleasant and informed as possible, we would like to explain our contact lens fitting procedure.

A contact lens (CL) prescription is different from a glasses prescription. A CL is a medical device that rests on the cornea of your eye and requires proper fitting on the eye to create a healthy environment. If you are having an eye examination and wear CL's, our professional staff will be evaluating your current CL's to determine how safe and effective they are. This fitting and assessment are above and beyond your eye examination and will require an additional fee.

### NEW FIT:

If this is the first time that you have been fit with CL's then this is considered a new fit and you will be charged a CL fee in the amount of \$100.00 - \$200.00. (The fitting fee will be determined by the doctor according to the type of CL's). This fee covers the CL fit and any follow-ups required for four (4) months. At four months a final prescription will be written based on the trial lenses dispensed or another fitting fee will be applied. All CL fitting fees are due before any trial CL's or CL prescription will be released.

The initial CL fitting appointment will require measurements to determine the proper power and fit of the CL's. If you have never worn a contact lens, you will need a contact lens training session with one of our technicians.

### REFIT:

Patients will be responsible for a CL refit fee if they currently wear CL's and either request or require a change in the brand of CL's, or do not know their CL prescription information or wear CL's and are new to the practice. The CL refit fee in the amount of \$80.00 - \$150.00 covers the new measurements, selection of new CL's, and any follow-ups required for up to four (4) months. If we do not have your trial pair in stock you will be notified for a follow-up appointment with our doctor. At that time the doctor will give you your final CL prescription. At four months a final prescription will be written based on the trial lenses dispensed if you fail to return for follow up care.

### ASSESSMENT:

Patients who currently wear CL's and are current patients of Wolf Eye Center who do not require any changes will be charged a small fitting fee of \$45.00. This fee is required in order for the doctor to assess that the patient's eyes are still healthy enough to wear contacts and that the CL's they are wearing are performing the way they should.

Alaska Statute, Article 4 section 08.71.200 states "contact lenses shall be fit in conjunction with and under the supervision of a licensed physician or optometrist and with a written contact lens prescription showing that the prescription may be filled for contact lenses and requiring that the patient return to see their prescribing physician or optometrist."

I have read this contact lens fitting fee agreement and I understand the fitting procedure. I understand that it is my responsibility to return for contact lens dispensing and follow up evaluations of my contact lenses at the intervals recommended by this office. I agree to pay the contact lens fitting fee listed above and I understand that the cost of my exam today and my final contact lens supply is not included in this contact lens fitting agreement.

\_\_\_\_\_  
Date

\_\_\_\_\_  
Patient Signature

## PATIENT CL AGREEMENT

**Professional fees are paid for contact lens fittings and are nonrefundable.** Contact lenses are purchased separately and in the case of soft contact lenses any boxes purchased must be returned **unopened, undamaged, with a non-expired expiration date and within 6 months of signed Contact Lens Fitting Agreement** to receive credit. Gas permeable contacts must be returned in good condition, lost or damaged gas permeable contact lenses are non-refundable.

Virtually all types of contact lenses will be available for fitting and we will make every attempt to conform to your wishes. However, we will recommend the contact lenses that give you the best vision possible and fit your individual lifestyle. In order to provide our patients with the highest standard of care, all patients are **REQUIRED** to have a comprehensive vision and medical examination by our doctors prior to contact lens fitting. Contact lens fitting fees vary depending on the type of contact lens with which you are fit.

---

I am aware of other alternatives for the correction of my vision other than contact lenses. Even with proper care there are risks to wearing contact lenses, which include: **Soft lenses** - irritation from solutions or protein build-up, conjunctivitis, dry eyes, corneal vascularization and severe and potentially blinding corneal infections and loss of eye. **Rigid lenses** - intolerance, corneal swelling and ulceration, corneal warping, change in shape of the cornea causing problems seeing well with glasses and irritation from chipped or broken lenses. **Extended wear contact lenses** – very few contact lenses are approved for extended wear. Risks include, but are not limited to, significantly increased risk of corneal ulcer and infection, severe and potentially blinding corneal infections, and possible loss of eye(s). “Extended wear” does not imply “continuous wear”.

I understand the fragility of contact lenses and that there is no warranty against damage of the lenses.

I understand that this contact lens prescription is valid for replacement lenses for **one year** and that an annual eye and contact lens examination will be required to update this prescription for replacement lenses after one year. I understand that if I do not have an exam after one year, then my risk of infection, discomfort, or ruined lenses becomes greater as time passes. No trial contact lenses and/or contact lens refills will be given if the prescription is expired.

There are many variables to contact lenses and I understand there is no guarantee that I will become a successful contact lens wearer.

**Patient Name:** \_\_\_\_\_ **Chart #:** \_\_\_\_\_

Our Notice of Privacy Practices provides information about how we may use and disclose Protected Health Information about you. The Notice contains a Patient Rights section describing your rights under the law. You have the right to review our Notice before signing this Consent. The terms of our Notice may change. If we change our Notice, you may obtain a revised copy by contacting our office.

You have the right to request that we restrict how Protected Health Information about you is used or disclosed for treatment, payment or health care operations. We are not required to agree to this restriction, except in certain limited instances, but if we do, we shall honor that agreement.

By signing this form, you consent to our use and disclosure of Protected Health Information about you for non-subsidized treatment, payment and health care operations, and for other purposes as permitted or required by law. You have the right to revoke this Consent, in writing, signed by you. However, such a revocation shall not affect any disclosures we have already made in reliance on your prior Consent. The Practice provides this form to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

The patient understands that:

- Protected Health Information may be disclosed or used for treatment, payment or health care operations, or for other purposes permitted or required by law. However, we will obtain from you a separate written authorization for “subsidized” disclosures, meaning disclosures involving product or service with respect to which the Practice receives remuneration from a third party.
- The Practice has a Notice of Privacy Practices and that the patient has the opportunity to review this Notice.
- The Practice reserves the right to change the Notice of Privacy Policies.
- The patient has the right to restrict the uses of their information but the Practice does not have to agree to those restrictions, except in certain limited instances.
- The patient may revoke this Consent in writing at any time and all future disclosures will then cease.
- The Practice may condition treatment upon the execution of this Consent.

This Consent was signed by: \_\_\_\_\_
